the only criminal behavior here is that logged trying to run into to for everyone - gotta find that report button - it can't possibly be allowed for a member to run so many series - just so he can have fun trolling - if ya face it as a job

What's going on? All I see nowadays is that appropriate series are taken down without any real of reason

This manga seems good, but I cannot find the first 5 chapters 🙄

Hahaha - even when down, he's not QDing the website or anything - it brings more attention to the series right?

Gotta have a modicum of humor there
